

PROVEN • DURABLE • RELIABLE • VERSATILE

Pizza & Tortilla PTFE Teflon® Fabrics & Laminates

Dough Press Sheet & Belts

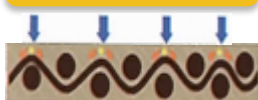

Compliant To USA Food and Drug Administration (FDA) Regulation 21 CFR 177.1550

European Commission Regulation (EC) No. 1935 / 2004 & (EC) 10 / 2011

European Commission (EC) 2023 / 2006 For Direct Food Contact

Standard Dispersion Coated Material
Not Resistant To Oil Penetration

EuroLam™ Multi-Layer Cast Film
Laminate Resist Oil Penetration

EuroFabric™ high performance PTFE Teflon® and silicone fabrics and belting products offer an extremely smooth, non-stick surface, exceptional dimensional stability, excellent release and resistivity properties. The fabric show great performance levels at high temperatures. Our specially formulated coating reduces the fat and oil penetration to minimum.

Our belts and fabrics are ideal for food processing applications such as precooking steak, chicken, ground meat as well as dough pressing of tortillas, pizza crust and other food items. EuroFabric™ PTFE coated fabrics and belts are used in various food processes; such as conveyor belting, baking, cooling and freezing, contact cooking, sterilizing, drying and vacuum drying.

EuroFabric™ belts are used as a conveyor belt for the production of tortilla, flat breads, pita bread and pizza crusts. The belt on the pressing machine helps the dough to be conveyed into required shape while being cooked through the heat transfer it allow.

Features And Benefits:

- Non-stick Surface
- Easy & Quick Cleaning
- Extreme Operating Temperature -176° to + 260°C
- Resistant To Chemical (Including Cleaning Solutions)
- Resistant To Oil Penetration
- Non-absorbing
- Puncture Resistant
- Dimensionally Stable
- Compatible With Microwave
- Fat Free Cooking, Baking & Grilling
- Tasteless & Odourless
- High Heat Transfer
- Resistant to Scratches
- Durable & Flexible

SPECIALTY SERIES PTFE TEFLON® COATED FABRICS

- SUPER SMOOTH
- COOK MORE = COST LESS
- NO SCRAP
- EASILY CLEANED
- MINIMAL OIL PENETRATION
- EX-STOCK ~ SHORT LEAD TIME
- COMPETITIVE

Products & Applications

Part Number	Material Type	Thickness	Colour	Suggest Application
T10808	Coated fabric	0.08 mm	Black	Baking sheets
T11613	Coated fabric	0.13 mm	Black / Red (Anti-static)	Clam-grill sheets
T21615	Coated fabric	0.14 mm	Blue	Clam-grill sheets
T62830 FP	Coated fabric	0.24 mm	Brown	Tortilla / Pizza presses
T92825 BG	Coated fabric	0.28 mm	Brown	Tortilla / Pizza presses
T92825 DB	Coated fabric	0.28 mm	Red	Contact grill belts
T92825 Blue	Coated fabric	0.28 mm	Blue	Contact grill belts
EuroLam™ RT 238	Laminate	0.21 mm	Brown / Red	Contact grill belts
EuroLam™ RT 339	Laminate	0.23 mm	Brown / Red	Contact grill belts
