JP-280 SS Food Grade Electric Drum Pump Set

JP-280 Stainless Steel Drum Pump set with non-explosion proof motor for mineral oil products such as oils, diesel and antifreeze

Order No.: 1281 4113

JP-280 Universal motor, 230V 50/60Hz, 825W, class IP 24, double insulated category II, overload protection switch with low voltage release, 5 mts. Cable and plug.

Pump tube Stainless Steel

- 1000 mm, O.D. 41mm
- Drive shaft – Stainless Steel
- Connection thread G 1¼"
- Hose connection 1" (DN25)

Other parts

- 2 mts. Mineral oil hose 1" (DN25)
- 2 Stainless steel hose clamps
- 1 Aluminum nozzle 1"

Operating data JP-280

Flow rate (with hose and oval gear meter)

Ø 41 mm up to 112 L/min (Rotor)

Head:

Ø 41 mm up to 16 m (Rotor)

Viscosity: Up to 1000 mPas

Density: Up to 1.9

* Test media water @ 20°C, pressure pipe 1", oval gear meter, measured values ±5%.
